AMONG THE POLITICIANS.

Dr. Plummer, candidate for mayor on the Republican ticket, is an ardent believer in the Galveston idea of municipal government. He was in favor of the Galveston bill introduced at the last session of the legislature, the bills that were killed by the chicanery of Harry Joseph, speaker of the house of representatives. And on Thursday night at the Ladies' Literary club he reaffirmed his belief. Some people are wondering how Dr. Plummer can be so inconsistent as to support Dr. Plummer, or at least to profess to support him. And others are wondering why Dr. Plummer is willing to accept support from Joseph. Verily, verily, as the psalmist remarked, there are some unholy combinations in politics.

Chairman Ashby Snow of the Democratic city committee yesterday announced that a reward of \$50 would be paid by the committee for every proven case of illegal voting. It is believed by all well-informed politicians that, in the tenderloin district, which is controlled absolutely by the "Americans," many illegal registrations have been made. The names and status of these individuals are being checked with the greatest care and should they attempt to vote they will be arrested at once and locked up. Chairman Snow is determined that nobody shall cast a ballot this year who is not legally entitled to the privilege.

Somewhat more than a year ago a large bill of stones, presumably for use in building a crossing, were hauled to the corner of Ninth East and Eighth South streets. Yesterday, greatly to the disgust of the residents of that vicinity, the stones were carefully reloaded on wagons and hauled away again. It was suggested that the step was taken by the "American" street superintendent, because he hopes to convince people in some other section of the city that they are eventually to have a crossing.

Just a week from next Tuesday everybody will know all about it. In the meantime, though it will be hard, possess your souls with patience.

An "American" organ yesterday claimed credit for the "American" administration because its city attorney won a suit brought by the Alcatraz Asphalt company to collect a balance of \$1,000 alleged to be due on street paving. The facts of that case are that the "American" city attorney would never have had a chance to win that suit had it not been for the action of a Democratic mayor in vetoing a resolution passed by "American" members of the council providing for the payment of the money to the city attorney without a lawsuit. That Democratic mayor was Richard P. Morris. The action of the "Americans" in attempting to steal the credit from him is on a par with their other attempts at stealing credit that properly belongs to the Democratic administration.

For the benefit of Assistant City Attorney H. J. Dinny, candidate on the "American" ticket for city attorney, it may be said that he is not the only lawyer who has forgotten to file an appeal within the specified time. One other case was reported yesterday. In that case the attorney who was at fault promptly shouldered the blame, instead of trying to place it upon somebody else. And he paid the judgment against his client out of his own pocket. Will Mr. Dinny do as much?

Frank Christensen, secretary of the "American" city committee, continues to draw pay from the city for not performing the duties of clerk of the board of public works. He is a very efficient secretary, however.

The finances of Salt Lake City, thanks to the faithful management of the "American" administration, are in a fearful condition. In the dilemma that confronts the taxpayers a man of sound business sense is needed, and Richard P. Morris has shown that he is the right sort of man. If the city were afflicted with wind on the stomach, if it were cutting teeth, if it were suffering from dyspepsia, or some other ailment of that kind, it might be proper to call Dr. Plummer in. But to elect him mayor under the circumstances would be like calling on a professor of English literature to manage a great mine.

DRUGGIST IN COURT.

Charged With Violating Sunday Liquor Ordinance.

T. P. Robinson, druggist at Fourth South and West Temple streets, was given a hearing in the police court yesterday afternoon on the charge of violating the Sunday liquor ordinance.

Harry R. Sackett of 48 West Fourth South street was the chief witness for the prosecution. He said that his wife had been annoyed by men who were drinking beer last Sunday in the vicinity of his home. He complained to the police.

I informed the policeman who came to drive away the crowd of drinkers that I understood Mr. Robinson had sold the beer to the men. He asked me to go to the drug store and buy a bottle of beer. I did so, paying 20 cents for the bottle.

Policeman Taylor, at whose suggestion Sackett had bought the beer, testified that he entered Robinson's drug store after the purchase was made and Robinson had admitted selling the beer.

Judge Diehl will announce his decision in the case this morning.
